

WAXJET 530

Triple Printhead Setting a New Efficiency Benchmark
with Faster Speed and Consistent Precision

NEW

FLASHFORGE 3D PRINTER

Product Specifications

Printing Technology	MultiJet Printing (MJP)
Number of Printheads	3 Piezoelectric printheads
Build Volume	289*208*150mm
Printing Mode	XHD: 2900*2900*1700 DPI Layer thickness: 15 μ m
Dimensional Accuracy	± 0.04 mm/2mm
Equipment Dimensions	1352*775*1600mm
Net Weight	480kg
Gross Weight	630kg
Package Size	1530*900*1837mm

Material Specifications

Material Type	Part material	Support material
Net Weight	3.0kg/bottle	3.6kg/bottle
Composition	100% wax	Wax support material
Color	Red	White
Melting Point	68°C	55°C

Stable & Durable

Patented self-developed wax circulation control system

Ultra-High Efficiency

Print 1 inch (2.54cm) in just 4 hours 10-12kg/month per unit, delivering rapid printing Easily meet peak-season order demands

Intelligent Monitoring

Wi-Fi connectivity & 2K HD camera, Monitor printing in real time for worry-free production
